

REMARKS

Pursuant to a discussion with Examiner Lewis on August 19, 2004, Applicants submit the above supplemental amendment (Supplemental Response II) to correct a clerical error in the Supplemental Response I filed on August 18, 2004. In that response, the chemical formula to be deleted in Claim 74 was not indicated by strikethrough text. The instant Supplemental Response II is to correct that oversight. No new matter is introduced by way of this amendment. The Remarks and the Declaration in the response filed on July 26, 2004 remain unchanged.

Reconsideration of the application in view of the above amendments and the Remarks filed on July 26, 2004, is therefore respectfully requested.

Examiner Lewis indicated during the telephone conference on August 18, 2004 that no fee is required for a supplemental amendment. However, should any additional fee become due by way of this Amendment, the Director is authorized to charge the additional fee to our Deposit Account No. 19-1090.

All of the claims remaining in the application are now clearly allowable. Favorable consideration and a Notice of Allowance are earnestly solicited.

Respectfully submitted,  
SEED Intellectual Property Law Group PLLC
